There is a lot of great information in the letter, especially as it relates to the reader. I particularly enjoyed the article "Working Outside Canada" as an unusual, yet professionally relevant, article. I also enjoyed the speaker bios; they give members a reason to really look forward to those chapter meetings. You have a nice balance between articles on the profession and articles about STC and chapter news.

All in all, I find the content of this newsletter excellent. A lot of planning and thought obviously go into each issue.

Judge Number Three

The language, articles, and features are appropriate for the readers.

These issues all have a nice amount of chapter-specific information. Overall, the variety of contributions is pretty good. Another article written by a chapter member would be an improvement.
